Webster woman charged with defrauding Medicaid

Monday, February 24, 2025

For Immediate Release

U.S. Attorney's Office, Western District of
New York

ROCHESTER, N.Y. –Acting U.S. Attorney Joel L. Violanti announced today that Ashley Jackson, 36, of Webster, NY, was arrested and charged by criminal complaint with health care fraud. The charge carries a maximum penalty of five years in prison and a \$250,000.

Assistant U.S. Attorney Richard A. Resnick, who is handling the case, stated that according to the complaint, Jackson was the sole owner of Roc City Transport in Webster. Between February 2018, and November 2022, Jackson and others submitted fraudulent claims for payment to Medicaid, seeking reimbursement for non-emergency transportation they allegedly provided in connection with their transportation services. Jackson submitted reimbursement claims for Medicaid transportation trips that were not actually performed, individual rides were billed as group rides, and kickbacks were paid to recipients to drive themselves to an appointment rather than Roc City. Most of the Medicaid beneficiaries using Roc City were being transported to methadone clinics in Rochester, NY, up to six days a week. Roc City is accused of fraudulently billing Medicaid for approximately \$40,123.29.

The complaint is the result of an investigation by the Federal Bureau of Investigation, under the direction of Special Agent-in-Charge Matthew Miraglia.

The fact that a defendant has been charged with a crime is merely an accusation and the defendant is presumed innocent until and unless proven guilty.
